NOTE FOR THE RECORD

SUBJECT: Classification and Controls for GIANT REACH  
Materials and Derived Information

1. I passed the following information to [REDACTED] DIA,  
in response to his request for guidance from earlier in the morning:

25X1A

a. This was discussed with the Director  
and the guidance was that classification of the GIANT  
REACH materials and information would be SECRET  
No Foreign, Warning Sensitive Sources and Methods.

b. With respect to his question concerning  
release of derived information or film [REDACTED] the  
DCI will handle passage of information in line with  
policy established by the White House. It will not  
be necessary to include any instructions or other  
guidance on this aspect in any alert messages or  
instructions sent to the field.

25X1A

c. The question of releasability of derived  
information to [REDACTED] is to be held in abeyance for the  
initial materials and such information as is judged  
essential to pass to [REDACTED] will be handled in sanitized  
form with the attribution on an ad hoc basis. This  
question will be reviewed following the initial mission  
if it takes place.

25X1A
